**Parent Portal**

# What is Carrot Rewards Parent Portal

All parents can have their own dedicated account on Carrot Rewards.

- This provides an important link between the school, parents and students.

- Parents can be notified by email when their child receives a reward.

- Alternatively you can receive a weekly summary.

- Gets parents involved with their child's learning and encourages children to achieve.
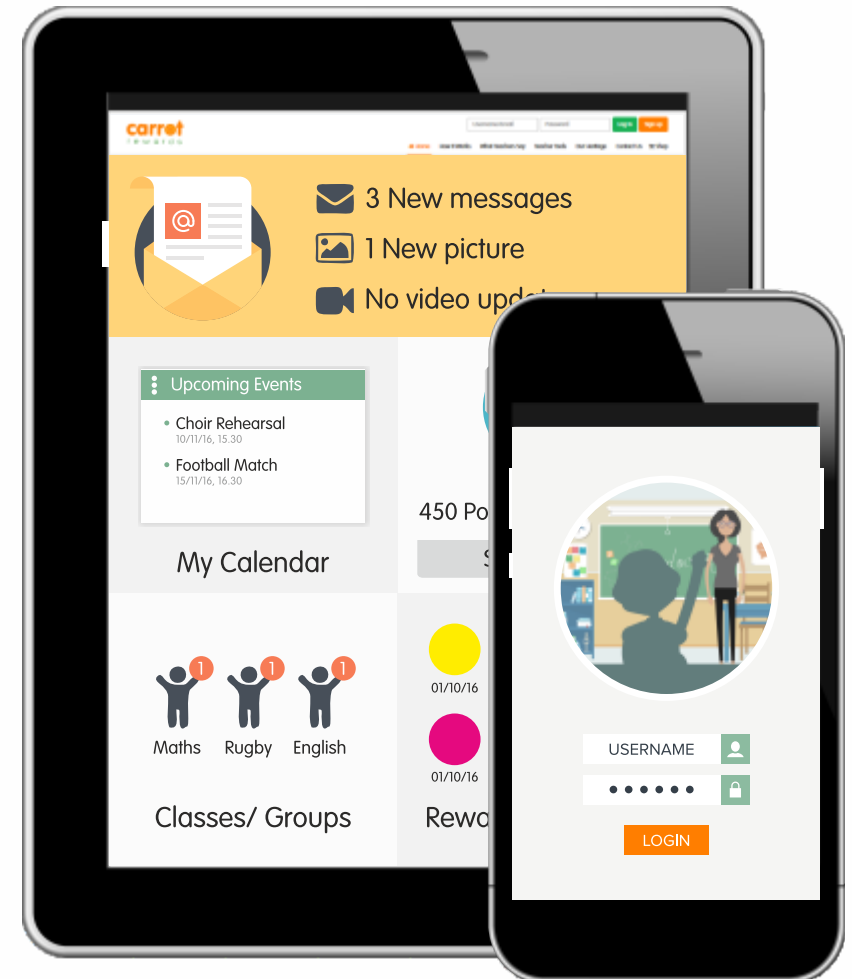

# Messages

➤ Schools can now send messages and updates to parents. These can be for the whole school, targeted groups such as forms or sports teams or even individual parents.

➤ Parents can reply direct to the teacher providing a simple and effective method of communication.

➤ Messages can also include pictures and videos so teachers can share both key and fun moments throughout the school year directly with parents

➤ Gone are the days of having to search through emails for images sent by the school and more importantly messages through the portal are more secure than email.

# Events

- Schools can send parents notifications and calendar invites to school events, not just for the whole school but tailored to individual students if required.

- These could be anything from parents evening to plays.

- The notification comes through and will show in a calendar on the portal and you can choose to add this into your main calendar on your phone.

# Rewards & Rankings

View all rewards students rewards received at school.

Leave comments for your child to see when they log into their MyStickers account.

You can also view any deductions received.

Rankings show you the key stats for your child's School / Year / House / Form

# Classrooms & Groups

➤ You can also view all Classes and Groups your child is in at school.

➤ Drill down to see rewards for their class, classroom groups and even their out of class groups such as debating team, choir, or sports team

➤ Whenever new rewards are available to view an icon will let you know.
